2017 promises to be a huge year for Eden Park. And that means big opportunities for Kingsland!

It all kicks off in February with the NRL Nines, and carries on strong throughout the year, with the World Masters Games and the biggie – the Lions visit in June and July.

The ATEED Major Events team is going to tell us all about it – along with planned events on marketing that will help us make the most of the crowds.

Come along, get updated and share your ideas. And enjoy a Christmas drink or two.
